FOR IMMEDIATE RELEASE

Urban Processing, LLC awarded DOVS certificate by U.S. Department of Agriculture

Wisconsin Rapids, WI - Urban Processing, LLC has been certified by the U.S. Department of Agriculture with a Domestic Origin Verification System certificate. Urban Processing is the First Approved Program Participant in the nation. This certification, awarded sparingly by the department, verifies that a product can be traced back to its origin. Only six companies nationwide have earned this designation.

Urban Processing, LLC, producer of sweetened dried cranberries, grows, harvests, processes and packages the cranberries on-site at their facility in Wisconsin Rapids, WI. Owners Dan and Cheryl Urban are proud to know that theirs is one of a handful of companies that can trace the origin of their product, and have been so recognized on a national level. Not only can they prove their product's origin, the origin happens to be their own cranberry marshes.

In addition to sweetened dried cranberries, Urban Processing has a substantial gourmet line of products under the label of Urban Best. The product line includes three flavors of gourmet chocolate coated sweetened dried cranberries, sweet cranberry syrup, cranberry jelly, gourmet trail mix, cranberry almond bark, and much more. Urban Best products can be found in gourmet gift shops and upscale grocery stores.
